

Kaiser Permanente Essential Saver Dental Plans

Affordable dental care with network options

Kaiser Permanente's Essential Saver Dental Plans are a new EPO (Exclusive Provider Organization) offering that gives employees access to high-quality dental care and coverage from Kaiser Permanente, along with the flexibility to get care from contracted dental providers in the Dental Choice™ network – all at an affordable price.

With Essential Saver Dental plans, your employees get:

Coverage Options. Two coverage levels to choose from (Essential Saver and Essential Saver Plus), depending on the dental needs of your employees.

Affordability. Lower monthly rates when compared to our Traditional and PPO Dental products.

Convenience. Trusted, high-quality dental care from more than 160 Kaiser Permanente providers at our 21 dental locations throughout Oregon and SW Washington.

Flexibility. Option to get dental care from over 9,500 participating providers in Oregon and Washington and over 440,000 nationwide in the Dental Choice network, including DenteMax, Connection, Careington, and Maverest.

Care from Kaiser Permanente providers

Coordinated medical and dental teams work together to help protect the total health of our members, with shared medical records, minor medical care during dental visits, and more.*

Care from Dental Choice providers

No referrals or claims forms to fill out when services are provided by a participating dentist.** Plus, members get access to Teledentistry.com for virtual visits.
